

U.S. Census Region Disaggregations

The following is a breakdown of key findings from the parallel surveys comprising *AJC's State of Antisemitism in America 2025 Report*, shown for various audiences in comparison to the national average. The below demographic breakdowns from the Survey of American Jews consist of the responses from 410 Jews from the Northeast, 175 Jews from the Midwest, 369 Jews from the South, and 254 Jews from the West. The Survey of U.S. Adults polls the responses from 176 adults from the Northeast, 207 adults from the Midwest, 416 adults from the South, and 234 adults from the West. The margin of error for the Survey of American Jews is +/- 3.7% at the 95% confidence level, and the margin of error for the Survey of U.S. adults is +/- 3.4% at the 95% confidence level. The margin of error for the below disaggregated groups will be larger. Items in **red** denote statistical significance.

Northeast Census Region **2**
American Jews 2
U.S. Adults 12
Midwest Census Region **18**
American Jews 19
U.S. Adults 29
South Census Region **35**
American Jews 35
U.S. Adults 46
West Census Region **52**
American Jews 52
U.S. Adults 63
