

THE STATE OF ANTISEMITISM IN AMERICA 2024

The following is a breakdown of key findings from the parallel surveys comprising *AJC's State of Antisemitism in America 2024 Report*, shown for various audiences in comparison to the national average. The below demographic breakdowns from the **Survey of American Jews** consist of the weighted responses from 619 Jews from the Northeast, 233 Jews from the Midwest, 509 Jews from the South, and 370 Jews from the West. The **Survey of U.S. Adults** polls the weighted responses from 355 adults from the Northeast, 418 adults from the Midwest,

792 adults from the South, and 491 adults from the West. The margin of error for the Survey of American Jews is +/- 3.3% at the 95% confidence level, and the margin of error for the Survey of U.S. adults is +/- 3.0% at the 95% confidence level. The margin of error for the below disaggregated groups will be larger.

The format of this document compares an individual Census region to the other three Census regions, depicted as Region (other 3 Census regions). Items in **red** denote statistical significance.
